New Pastor for the Brethren Church Arrives

The Rev. Homer Caskey, wife, and son Paul, arrived in Arrowwood from Council Bluffs, Iowa to take up the field work of the Church of the Brethren in Western Canada.

Rev. Caskey has spent almost his entire ministry in service of Home Mission work in Southern Iowa. This work has been very similar to that which he will be engaged in here.

Rev. Caskey preached his first service on Sunday last filling the pulpit both morning and evening. He will have charge of the services next Sunday. In the morning, he will preach on "Motherhood," in the evening his theme will be "The Poverty that Makes Riches."

Next week he will leave for a visit to the other churches in the district and will be gone over a month.

Buffalo Hill News

It is estimated that about fifty per cent of the wheat seeding is done in this district.

Another nice shower of rain fell last night.

We are pleased to hear that Mr. J. H. Goldthorpe, who has been confined to the Vulcan Hospital for the past two weeks suffering from an attack of pleurisy, arrived home last Saturday.

Village of Arrowwood

NOTICE

The residents of the village are hereby respectfully asked to make the week May 6th to 13th a clean up week and to clean up and burn all weeds and rubbish on their property and in lanes and alleys adjacent to their property. By doing this they will greatly add to the appearance of the village and also lessen the danger of fire.

(Signed)

Council of the Village of Arrowwood

Stamp Taxes

An amendment to the special war revenue provides for an increase in the stamp tax on cheques and other instruments. The new rates given below, were effective May 2: Promisory notes, including lien notes, \$100 and under 3c; over \$100, 6c; bills of exchange of every description, including drafts lodged for discount, collection or collateral, \$100 and under 3c; over \$100, 6c; cheques, bank drafts, bank money orders, deposit receipts, express orders, traveller's cheques, post office money orders issued in Canada, grain and other produce purchase tickets and other documents negotiated by a bank, \$5 and under, no tax; over 5 and not exceeding \$100, 3c; over 100, 6c.

Father of Mr. J. M. Weins Passes Away

On Wednesday afternoon Mr. J. M. Weins was called to Rockyford, having received the sad news that his father had passed away that afternoon.

The late Theo. Weins, who was in his 78th year, was born at Independence, Iowa. He has been a resident of Rockyford for many years, where he had become well known.

He leaves to mourn his loss a widow, three daughters, Mrs. L. Dunlop of Chicago, Mrs. J. Crough of Munson, Alta. and Mrs. E. Browns of Rockyford, and two sons, one living at home and Mr. J. M. Weins of Arrowwood.

The funeral service will be held from St. Rita Catholic Church on Saturday, May 7th, and interment will take place in the Rockyford cemetery.

The many friends of Mr. J. M. Weins extend their sympathy to him in his bereavement.

P.T.A. to Meet on Monday Night

The meeting of the P.T.A. will take place at the school on Monday evening at 8 o'clock. The following is the program:

1. Number from the school.
2. Article from the P.T.A. Magazine.
3. Reading, Miss Le Beau.
4. History of the P.T.A. by Mrs. MacLeod.
5. Grade V History by Miss L. Spencer.

Parents should not miss these meetings as they are instructive as well as interesting, but few people fully realise the good being done in the community by this Association.

Massey Harris Co. Cuts Prices 10 P.C.

A plan, which it is confidently expected will not only assist western farmers but will increase employment in the industrial sections, was announced by President T. A. Russell of the Massey-Harris Implement Company. It involves a 10% discount on all existing obligations to the company and on all new purchases of implements to the extent of payments prior to the end of next November.

While farmers find seeding conditions favorable in most parts of Canada, many have been hampered by lack of machinery or by machinery which is outworn, company officials have found. At the same time employees of the companies in Eastern Canada will have had little work. By enabling the farmers to purchase machinery on more favorable terms, it is hoped that employment will also increase. The discount applies only to Canada.

M. R. Leonard, local agent for the Massey-Harris Company has been informed of the new plan and will conduct business on that basis hereafter.

Now is the time to prepare for the P.T.A. Dance in the school on Friday, May 13th.

School Fair Meeting

The Arrowwood School Fair Committee are holding a meeting on Tuesday May 17th to make further arrangements for the coming fair. All directors and teachers are requested to be present.

P.T.A. to Hold a Dance Friday, May 13

A dance will be held in the Arrowwood School, Friday May 13th, under the auspices of the P.T.A. Proceeds in aid of the School Fair.

Admission 50 cents including supper.

Tain't what we have
But what we give,
Tain't what we are,
But how we live;
Tain't what we do,
But how we do it—
That makes this life
Worth going through it.

W. I. Meets at Home of Mrs. M. R. Leonard

The regular meeting of the W. I. was held on Tuesday afternoon at the home of Mrs. M. R. Leonard.

The meeting was opened by singing "O Canada," followed by the creed.

The roll call was answered by naming some shrub or plant that thrives in Alberta.

Business occupied its usual place after which the following program was rendered and thoroughly enjoyed by all present.

Reading by Clara Service, The Bubble Dance by Miss MacLeod's pupils, and two Scotch songs that were very ably rendered by Mr. Ross.

Mrs. Service assisted Mrs. Leonard in serving a delicious lunch.

Hon. Mr. Stevens Defends Wheat Pool

That the co-operative wheat pool movement in Canada has been selected by propagandists in the United States and improperly cited by them in their fight against the co-operative movement in that country is a matter of regret and ought not to be allowed to pass without answer. This is the opinion of the Hon. H. H. Stevens, Minister of Trade and Commerce, expressed in a statement made public, Wednesday, April 20th, at Ottawa.

Referring to articles published in Chicago and elsewhere in the U.S. to the effect that Canada Wheat Pools had accomplished the "ruin of Canadian wheat farmers," who were threatening to "strike against taxation" and talking "session," Mr. Stevens declared that Canadian Wheat Pool members still had faith in the co-operative organization and were shipping a large portion of their grain through Pool elevators. Furthermore, no losses have been sustained by farmer members of the Wheat Pools other than they were disappointed at not obtaining further sums for their 1929 wheat sold through the Pools owing to the sudden drop in prices.

"The profits of farmer-owned handling facilities have always been very large and no doubt will rapidly repay the advances made by the prairie Governments without any loss to the governments concerned," said the Minister.

"The situation in respect to the Wheat Pools in the three prairie provinces," said Mr. Stevens, "is substantially as follows:

"These Pools, previously operating under a contract with their grower members, have released those members from the operation of that contract. The holdings of the Wheat Pools are gradually being liquidated by the Pools themselves as market opportunities afford, being only assisted by the Dominion Government in their financing. Pools however are operating their subsidiary elevator companies

(Continued on page 3)

Grand Reception is Given Rev. H. and Mrs. Caskey

Last Wednesday evening an open house reception was held for Rev. Homer and Mrs. Caskey and son Paul in the Church of the Brethren. A short program, consisting of an address of welcome by the Rev. J. H. Brubaker, and response by Rev. Caskey, his wife and son; a short talk by Mr. Lawrence Irwin and Mr. S. M. Burger; with several musical numbers, both vocal and instrumental, completed the program. After the program, refreshments were served in the church basement. We are glad to have Rev. Caskey and his family with us and appreciate their coming so very much.

The committee in charge wish to thank Miss Carol Chrestensen for her assistance in the music.

Crop Report No. 2

Issued by the Department of Agriculture, Province of Alberta, Edmonton, April 30th.

The province is now gradually recovering from the effects of a snow and rain storm of unusually heavy proportions and wide extent, which in some districts broke precipitation records of many years' standing for this season of the year. The actual storm lasted from two to four days, and wet conditions have prevailed for from a week to ten days.

The general effect of the storm which touched practically every part of the province, has been to make spring work up on the land very late, while providing an unusual and very satisfying quantity of moisture for the soil. In the southern and south-eastern districts this moisture was most extremely welcome, breaking as it did drought conditions of from one to three years' standing. In the Medicine Hat district where seeding was about 40 per cent finished, the precipitation totalled as high as two inches. In the Lethbridge territory, in four-days' rain 2.5 inches were recorded, and at Raymond 2.87 inches were recorded. In other southern areas the precipitation was fully as great. In the Calgary district and for a considerable radius from that city, heavy snows fell, blocking roads and adding heavily to the soil's moisture reserve.

In the more central and northern areas the rainfall was heavy, and in certain localities excessive. In Grande Prairie and Peace River districts there was considerable snow. Moving eastward from Edmonton the rainfall dwindled in amount. At Vegreville it is reported as having been excessive, but farther east at Vermillion but an inch of rain recorded in a month, though the weather has been cold and backward.

In the southern areas spring operations have been resumed and seeding is reported from ten to twenty-five per cent finished. Seeding in the irrigation belts is practically completed. (Continued on page 3)

Mother's Day

Twas a happy thought, wasn't it? Its popularity was instantaneous. Within our memories has grown up a great institution, Mother's Day.

The Roman matron was always held in high esteem and in later days became an ideal. Her position was sufficiently high to justify the theory that Pilate's wife, dream was due to her presence at the private interview between Pilate and Caiaphas on the night of Jesus' arrest. The Greek women also held an honored place. But the Deborahs are very scarce and the Ruths are as modest in their appearance in Jewish life as in their persons. Eastern customs veiled the Jewish home and the Jewish woman found no part of the body ecclesiastic nor politic. Among the innovations of Jesus was the elevation of womanhood which with others, brought down a storm upon his own head.

"When Knighthood was in Flower" is a beautiful title but fails to measure up to modern standards. The butterfly is still a feature of modern society but a very minor one. Perhaps most women do not get petting enough but a mark of the higher civilization is the fact that motherhood and all, the average woman wants to bear her side of the physical and mental burdens of life. As from this vantage ground we look back upon the women of Medieval Europe, they appear toys rather than human beings.

And modern life has had its reactions. If the wife and mother shares other responsibilities so the husband shares that which a generation ago was considered only woman's work. And wonderful discoveries have been made. Men can wash dishes, wash clothes and even tend to the baby and yet plough just as many acres or swat the leather-covered pill just as far into the out field.

Then gentlemen, hats off to our wives and mothers.

God bless 'em.

UNUS SOLUS

To Mother

You know I love you, Mother,
So this is just to say,
I wish you every happiness
Every single day!

Boss: "A man is never older than he feels. Now this morning I feel like a two year old." Steno (sweetly): "Horse or egg?"

Health Service

OF THE
Canadian Medical Association

Edited by

GRANT FLEMING, M.D. — ASSOCIATE SECRETARY

Prevention

We find occurring a surprisingly large number of accidents which lead to suffering, permanent disability and not a few deaths. It is obvious therefore that it is most desirable to prevent accidents and to take reasonable precautions with that object in view.

Sickness might, in many cases, be classed as an accident for in its occurrence, there is the element of chance in contact with disease germs but in this article we use the term "accident" to describe unexpected and unforeseen injuries to the body.

We give the name accident to many injuries which really should not be thus called because they are the result of our carelessness and could be foreseen. If we run in front of a motor car the injury which follows could be foreseen, and so is the result of our carelessness or thoughtlessness. Such an injury should not really be called an accident, but we generally use the term to describe all injuries whether or not they

are the result of our own lack of care.

This point is stressed because if you think of all the accidents of which you have heard, you will find that most of them would not have occurred if reasonable care had been taken. It is because we take so many chances that so many accidents happen.

Accidents do not all occur away from home; a very large percentage of them happen right in our homes. We stand on and reach from a chair instead of using a step ladder. The rug is torn and we neglect to mend it until someone trips and has a fall. We fail to remove snow or to cover it with sand, and someone slips on the icy steps. We leave poisons on the same shelf with bottles containing harmless substances. The electric fixture becomes loose and is allowed to remain so.

It is just because we are careless in regard to these and other similar things that people take poison unknowingly, or we find so many broken bones, sprained joints and bruises as

the result of falls in a home.

The trouble is that we take chances every day, and no harm results. This goes on until we become careless, and then, one day, the accident happens. Most accidents are due to our own faults and no one is to blame but ourselves. It is a question of personal responsibility, and not all the safety laws in the world will protect us unless we do our part.

The reason why we write this article is because we see the number of accidents increasing. Those who value their health and strength must give heed not only to preventing disease and to living a hygienic life, but they must also take reasonable precautions to protect themselves from injury.

Scotland will send an official Trade Mission ship to Canada this spring with a view to developing closer business relations with the Dominion. Over a hundred Scottish firms have already booked space on the ship which has been fitted out for the purpose by the Corporation of Glasgow.

Her Majesty, Queen Mary, and her two sons, the Duke of York and Prince George, showed great interest in the Canadian Industries section at the British Industries Fair at Olympia, London, on the occasion of their visit. The Royal party was received by Hon. G. Howard Ferguson, High Commissioner for Canada.

The highest Canadian mountain ski ascent was made in March when Russell H. Bennett of Minneapolis, Clifford White of Banff, and Joe Weiss of Basher, accomplished the unprecedented feat of climbing to the peak of the Snow Dome, centre of the vast Columbia ice fields. The peak is over 11,000 feet above sea level.

GOOD YEAR

PRIZE CONTEST

Here's a profitable way to spend half an hour... Glance at that prize list and you'll say "profitable" is right."

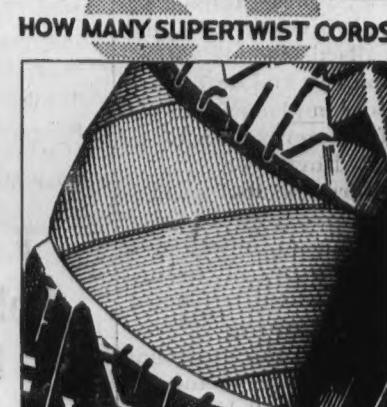

Anyone except tire dealers, employees of tire companies and the families of both can, without a cent of expense, try for one of the prizes.

All you have to do is to examine the six tires of various sizes, types and ply-thicknesses on display here. Figure out how many cords you think would be in each; then add the six figures and divide by six to find the average. Use the section of tire cord fabric also on display to help you.

Submit your estimate on a standard entry blank. There is nothing to buy, no other special requirement, no cost to you.

Closing date: June 5th, 1932. Address: "The Goodyear Supertwist Cord Contest," New Toronto, Toronto 14, Ontario.

Ready for Your Fields— —A New John Deere Disk Tiller with a Field Proved HEAVY-DUTY POWER LIFT

A new John Deere Disk Tiller is ready for your fields. Ready with all the field-proved features that made the old John Deere Tiller the choice of many farmers in this region—plus a heavy-duty power lift of the improved, long-lived John Deere type.

With this important improvement the John Deere Disk Tiller is as easy to handle as a tractor plow. Just a tug on the handy trip rope as you drive along sets the lift to work, raising the disks clear of the ground for turning, backing or transporting; another pull drops the disks to working position.

In addition to the time-saving, effort-reducing advantage of the John Deere heavy-duty power lift, you get the thorough work and great strength for which the John Deere Tiller has always been famous.

Stop in next time you are in town and get acquainted with the new John Deere Disk Tiller. We want to show you all of the features that mean satisfaction.

Crop Report

(Continued from page 1)

ed In the central and northern areas operations are still delayed to a large extent, and in some localities it will be another week before seeding operations will be general, so that the first of May will see considerable seeding to be done.

Wheat acreage sown this year is likely to be slightly decreased from last year, according to the reports received, partly due to low prices and partly to the late spring conditions, which will tend to the greater sowing of coarse grains. An increase of 16 per cent is reported in the sugar beet acreage in the south.

General live stock losses during the storm were light. Due to other causes there has been a heavy mortality in some of the north central districts in the early litters of pigs, and among lambs.

Hon. Mr. Stevens Defends Wheat Pool

(Continued from page 1)

independently which are still solvent and are in no danger of liquidation. Certain losses amounting to some \$22,000,000 were sustained by the Pool on the 1929 crop, the advance payment to their farmer members providing excessive in view of the slump in the market. These losses were guaranteed by the various Provincial Governments according to the Provincial interest in approximately the following proportions: Alberta, \$6,500,000; Saskatchewan, \$13,000,000; Manitoba, \$2,500,000.

The Provincial Governments have made good these amounts to the banks and have negotiated agreements with the Pools for the repayment, which will be done out of the earnings of the subsidiary elevator companies and other assets of the Pools. To secure themselves, the various Provincial Governments have taken a first charge over the assets of the Pools namely elevators, terminals, etc., of an approximate value of some \$30,000,000. No losses were sustained by the farmer members other than the disappointment of not obtaining further sums for their wheat sold through Pools. This of course is a contractual liability. The profits of farmer-owned handling facilities have always been very large, and no doubt will rapidly repay the advances without any loss to the Governments concerned.

The farmers of the Western Provinces are undoubtedly hard up at the present moment and are delinquent to some extent in their taxes, but this arises

very largely from the failure of about half of the crop-producing area to produce at all during the 1931 season and is a natural result of this fact. The crop production in Manitoba, Saskatchewan and Alberta last year amounted to some 280,000,000 bushels against a production in 1928 of 560,000,000 bushels. The propaganda circulated appears to me to be an attempt to discourage the development of co-operative enterprise in the United States among the farmers in view of the declared policy of the administration in that country to support such an endeavor.

In spite of the small crop the elevator companies already referred to have handled an enormous proportion of the western crop, indicating that the farmer still intends to support his own companies.

The only 'strike' against taxation that is noticeable in the the Western Provinces is that occasioned by the situation in which the farmer finds himself, due to economic conditions, and insofar as the succession of the Western Provinces is concerned, the Dominion as a whole was never more homogeneous.

doubt as to the type of vehicle, and on a narrow road, is often disastrous. More than that, the driver with a single bulb has an insufficient illumination of the road and the other cars' stronger lights, even though not glaring, are often enough to blind them.

Bargain rates are forecast for western lines of the Canadian Pacific Railway, said C. B. Foster, passenger traffic manager of the railway, on his recent arrival in Winnipeg after an official visit to the Pacific Coast. The successful experiment in popular low rates excursions in Eastern Canada this year has invited consideration of extension of the project to the West, he added.

In continuance of its policy of inter-city visits between the major centres of population in Eastern Canada, the Canadian Pacific Railway will on April 8 operate one of the most ambitious of these projects by running a round trip excursion from Toronto to Montreal at a cost below one-fourth of that of the ordinary return fare. There is every indication of heavy participation in the excursion.

Happenings In and Around Arrowwood

Mrs. Rainville spent the week end in town.

Mr. R. R. Saunders was in Calgary on business last Friday.

Born—At the Colony, on May 1st, to Mr. and Mrs. F. Hlokoff, a son.

Strictly fresh eggs always on hand at Frank Johnston's at 10c a dozen.

Garnet Greer and his mother of Calgary, were Sunday visitors at the home of P. Lehman.

Mr. and Mrs. R. Anderson of Strathmore were visitors in Arrowwood on Sunday.

Mrs. J. Mackie, Miss I. Mackie and Miss L. Spencer were Calgary visitors on Saturday.

Carpenters are at work on the Chrestenson building, repairing the cornice.

Mr. and Mrs. J. M. Weins and Mrs. C. G. Taylor were visitors to Calgary on Monday.

If you have something to paint or a room to decorate, see Jack McHugh. First class work done at popular hardtime prices.

The Larsen Implements sold and delivered, to Joe Brucker of Mossleigh, a Cockshutt tiller combine.

The Ladies Guild will hold their monthly Home Cooking Sale in Chrestenson's store on Saturday, May 7th.

Miss Gladys Campbell of Mossleigh visited over the week end with Miss Rosemary Lord.

You can again enjoy the advantages of long distance telephoning. On Wednesday the line was repaired and put in working order.

The Catholic ladies are holding a sale and tea at Ingraham's block on Saturday, May 14th. The sale will include home-cooking, aprons, candy and ice cream. Everybody is invited to attend the sale.

On Friday, April 29th the home of Mr. and Mrs. Weins was the scene of a lovely little birthday party, when Mary Weins entertained fourteen of her school mates on the occasion of her ninth birthday. All the children reported as having a wonderful time.

Mr. and Mrs. Homer Caskey and son Paul arrived in Arrowwood last Friday by auto, from Council Bluffs, Iowa. Mr. Caskey has held a pastorate in the Brethren Church for several years. Mr. Caskey has been employed by the Mission Board as travelling field man for the Brethren Church in western Canada, and while his home will be in Arrowwood his duties will necessarily find him

spending a large part of his time among the other churches. Mr. Caskey filled the pulpit Sunday, both morning and evening and delivered two splendid sermons, the morning one being "Jesus' Interpretation of Life," and in the evening "The Open Door." Next Sunday morning his subject will be "Motherhood" and in the evening "The Poverty that Makes Riches."

F. E. Bell was a business visitor in Turner Valley and Calgary on Monday.

Mr. and Mrs. M. C. Norton and baby son and Mr. Earl Harp and daughter Edna had Sunday dinner with Mr. and Mrs. S. M. Burger.

Myrna Lord spent the week end with Kathleen Thompson.

A John Deere tractor is being delivered today by Larsen Implements to Melvine Gherke, near Mossleigh.

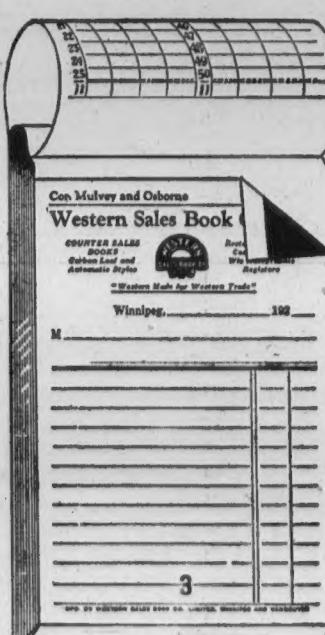

Mr. and Mrs. Caskey and son Paul and Mr. and Mrs. J. S. Culp spent Sunday afternoon with Mr. and Mrs. Quinter Hollenberg.

Little Bruce Moir had a big day on Monday, May 2nd, when he celebrated his fifth birthday. Thirty-five of his little mates, with smiling countenances, were gathered together and with appropriate decorations and lots to eat, everyone had a great time.

Mr. and Mrs. M. Eshom and son Harold left last Saturday by car for their new home at Tonasket, Wash. They are going to be missed around Arrowwood and their many friends wish them good luck and happiness in their new surroundings.

"Where You Ride Rough"

As we travel through the country we invariably encounter the roughest roads as we near the villages and cities. Has anyone encountered a rougher piece of road than the stretch of highway between Calgary and the Ogden car shops?—if they have it must be those leading to Arrowwood. A few days ago the press heralded the fact that an enormous amount of money was saved by ruling the trucks and busses off the highways. Permit us to ask how much do we lose in not having the roads dragged at the right time after rains, to say nothing about the inconvenience in fording the ruts a foot or more deep, for miles at a stretch. What T. Barnum said certainly applies to the ratepayers when it comes to roads.

phant Brand Fertilizer. We will supply you with any quantity you wish.

We haul anything, anywhere, any time, at depression prices.

Our motor and tractor oils are handled in weights from 10, to 60 and our prices are cheapest, quality considered.

Bring in your car and let us fill it with pressure gun or cup grease.

No one appreciates your business more than we do.
